TEXPORT[®]
PROTECTING YOU.

OTHERS FOLLOW TRENDS. WE SET THEM.

Making the impossible possible: you stand before this mission again and again. To support you as best possible, we also make this demand of ourselves. At TEXTPORT® we have made it our mission from day one to produce high quality functional clothing for both indoor and outdoor use. Over the years, our two main business divisions of firewear and workwear have developed from that. The range of equipment varies from functional outerwear such as jackets, trousers or overalls, to functional underlayers and a variety of accessories. On request, we can also develop and produce special items according to individual customer demands.

As a leading provider of fire-fighting attire, TEXTPORT® does not just stand for the best protection and highest degree of functionality, but also for a visually striking appearance while on call and at representative public functions. Whether as independent service attire and uniforms, or as perfect supplements to our tried, tested, world-renowned service attire –here TEXTPORT® presents an extensive selection on which many well-known clients already rely.

Fig. Leader FR blouson men, QA20, black blue, 204

MY MISSION IS VERY SIMPLE: I TRY TO MAKE THE VERY BEST AND TO ALWAYS **STAY TRUE TO MY LINE** **IN DOING SO.**

From the beginning, there was a vision behind TEXTPORT®. When Otmar Schneider founded the business in 1992, he had a clear goal in mind: to develop high-tech protective clothing that would withstand extreme situations and stand out for its practicability and functionality. Within a few years, the family company soon began to grow, and TEXTPORT® now employs around 80 workers in Salzburg, as well as approximately 520 seamsters and seamstresses in Macedonia and Bulgaria. The products, developed and manufactured by us at TEXTPORT® ourselves, are brought to market through our own sales teams across Europe.

Highest Quality for Absolute Safety

We take the responsibility towards our customers very seriously and remain leaders in the areas of safety, functionality and quality by continually improving our products. All raw materials are strictly controlled according to current guidelines. To keep improving materials and processing methods, we carry out ongoing practical tests.

Always There for You

The ideal product solution requires a detailed advisory conversation, where all your demands and wishes can be put to us. Therefore, our sales representatives are out in the field internationally, to look after our customers and business partners. We also design individual pieces of clothing that conform 100 % to the customer's specifications. If a repair should be necessary, then of course we will see it as our responsibility to provide this service as quickly as possible. We are available for you at all times through our extensive service and trade network.

From Idea to Product – All from One Place

Serial production only begins after intensive research into the design and material composition has been carried out and practical tests have been passed. For production, all the raw materials, which are ordered and checked in Salzburg, are transported to the manufacturing floors in Macedonia and Bulgaria. There, the clothing is meticulously and elaborately handcrafted by trained workers.

Performance and Fit: Our Promise to You

We don't just provide a product that offers the best possible protection – we provide a product that fulfils the highest demands in terms of comfort, fit and ergonomics. Even at the beginning of the development process, close attention is paid to the best possible fit and comfort. There, we not only keep an eye on body types and shapes of the wearers, but work on the best solutions to the smallest detail – from the position of the pockets to the arrangement of the Velcro. Our bespoke sizing system also makes it possible to optimally adapt our clothing to nearly all wearers.

Innovative Solutions by Professionals, for Professionals

Our ability to innovate sets us apart. Through our research work, in recent years we have been able to ensure that we have unique characteristics – for example, through our patented material compositions X-TREME® and X-TREME® light, our textile reflective stripes TEXTPORT® TRIPLE FABRIC® and HPX SYSTEM® (High Performance eXchange System) and our in-house ergonomically preformed knee pads.

FAMILY

X-PULSATE

PERFECTION IN DETAIL

The TEXTPORT® X-Pulsate family combines classic design with modern elegance.

The ergonomically tailored clothing offers very agreeable wear comfort thanks to the special stitching along with the elaborate finishing.

The new fabric (Nomex® / viscose) impresses with good mechanical values and light weight. The fabric remains colour-fast even after several washes and offers outstanding wash resistance.

X-PULSATE JACKET & TROUSERS

- › Stand-up collar (with hanger)
- › Shoulder tunnel for rank tab (left and right, for grade identification)
- › Name tag (identification stripe)
- › Chest pockets (inserted, left and right)
- › Napoleon pocket (integrated)
- › Inside pocket (left hand side, with pen pocket and mobile phone pocket)
- › Front pockets (inserted, left and right)

- › Cuff (width adjustable)
- › Droptail (optimal fit)
- › RFID (electronic identification system)

- › Extended lumbar part (optimal fit)
- › Adjustable waist (individually adjustable)
- › Belt loops (hold function)
- › Front fly (with zipper and snap closure)
- › Pockets (both sides)
- › Multifunction hook (tool attachment)

X-PULSATE SOFTSHELL

The X-Pulsate Softshell is a breathable and very comfortably tailored jacket. It has an especially soft collar which fits very comfortably along the neck.

The jacket can be worn alone or in combination with the X-Pulsate Outdoor jacket.

X-PULSATE AIRY

The X-Pulsate Airy is the jacket for cold days. It is made from a light and very durable nylon with a warm, G-Loft padded lining.

The jacket can be worn alone or in combination with the X-Pulsate Outdoor jacket.

Product characteristics differ within the family.

CLASSICAL OPTICS AND FIT FOR SERVICE ON THE WATCH

The Leader Family is a proven line of service clothing with classic optics and fit. It has practical equipment features for service on the fire watch such as for example storage options for pens, generous pockets for key rings and much more.

As a variant with fireproof outer fabric and optional reflective striping on the trousers, the Leader FR projects a protective quality when remaining in the hazardous area, e.g. on the grounds of a factory.

FR = Flame Resistant

LEADER FR
BLOUSON

- › Collar (width adjustable, with hanger)
- › Rank tab (shoulder left and right, grade identification)
- › Chest pockets (inserted, left and right)
- › Arm pocket (right, with pen pocket)
- › Mobile phone pocket (internal)
- › RFID (electronic identification system)
- › Cuff (width adjustable)

- › Movement folds (increased movability)
- › Elastic band (fit)

Fig. Leader FR blouson, QA20, black blue 204

LEADER FR
TROUSERS

- › Adjustable waist (individually adjustable)
- › Pockets (both sides)
- › Front fly (with zipper)
- › Cargo pockets (external, both sides, right hand side with pen pocket and internal mobile phone pocket)
- › RFID (electronic identification system)
- › Back pocket (external, right)
- › Belt loops (hold function)

Fig. Leader FR trousers, QA20, black blue 204

The Leader FR has a flame resistant outer fabric.

With the optionally-available reflective striping on the trousers, the Leader FR also offers protection when remaining in the hazardous area for example on factory grounds.

FR = Flame Resistant

LEADER BLOUSON

- › Collar (width adjustable, with hanger)
- › Rank tab (shoulder left and right, grade identification)
- › Chest pockets (external, left and right)
- › Arm pocket (right, with pen pocket)
- › Mobile phone pocket (internal)
- › RFID (electronic identification system)
- › Cuff (width adjustable)

- › Movement folds (increased movability)
- › Elastic band (fit)

Fig. Leader blouson, QA08, black blue 204

The Leader is available as jacket, trousers and short trousers in dark blue as well as trousers also available in gold.

LEADER TROUSERS

Fig. Leader trousers, QA08, black blue 204

Fig. Leader trousers, QA23, gold 010

- › Adjustable waist (individually adjustable)
- › Pockets (both sides)
- › Front fly (with zipper)
- › Cargo pockets (External, both sides, right hand side with pen pocket and internal mobile phone pocket)
- › RFID (electronic identification system)
- › Belt loops (hold function)
- › Back pocket (external, right)

LEADER TROUSERS SHORT

Fig. Leader trousers short, QA08, black blue 204

- › Front fly (with zipper)
- › Pockets (both sides)
- › Cargo pocket right (external, with knife pocket)
- › RFID (electronic identification system)
- › Belt loops (hold function)
- › Back pocket (external, right)

LEADER PARKA

- » Stand-up collar (with hanger)
- » Rank tab (shoulder left and right, grade identification)
- » Name tag (identification stripe)
- » Chest pockets (external, left and right)
- » Drawcord (elastic, for waist adjustment)
- » Front pockets (inserted, left and right)
- » Connection zipper (for jacket and thermal lining)
- » Inside pockets (internal, left and right)
- » Inspection openings (internal)
- » Wicking Barrier (moisture protection)
- » RFID (electronic identification system)

Fig. Leader parka, TA07, black blue 204

The Leader parka constitutes the outer layer as protection against inclement weather when doing calls outdoors. The parka offers the option of having a rank insignia on the shoulder and thus guarantees visual recognition of the wearer and/or assignment of that person to the rescue organisation.

The dark blue variant has a standard name patch on the left breast. In the grey variant, this can be added optionally.

Fig. Leader parka, TA07, grey 451

- » Stand-up collar (with hanger)
- » Rank tab (shoulder left and right, grade identification)
- » Chest pockets (external, left and right)
- » Drawcord (elastic, for waist adjustment)
- » Front pockets (inserted, left and right)
- » Connection zipper (for jacket and thermal lining)
- » Inside pockets (internal, left and right)
- » Inspection openings (internal)
- » Wicking Barrier (moisture protection)
- » RFID (electronic identification system)

LEADER FLEECE INNER JACKET
ARM POCKET RIGHT

- › Stand-up collar (with hanger)
 - › Rank tab (shoulder left and right, grade identification)
 - › Arm pocket (right, with pen pocket)
 - › Front pockets (inserted, left and right)
 - › RFID (electronic identification system)
-
- › Elbow reinforcement (abrasion protection)

BLUE GREY

Fig. Leader Fleece inner jacket, QA12, blue grey 208, arm pocket right

LEADER FLEECE INNER JACKET
ARM POCKET LEFT

- › Stand-up collar (with hanger)
 - › Rank tab (shoulder left and right, grade identification)
 - › Arm pocket (left, with pen pocket)
 - › Front pockets (inserted, left and right)
 - › RFID (electronic identification system)
-
- › Elbow reinforcement (abrasion protection)

BLUE GREY

NAVY

Fig. Leader Fleece inner jacket, QA12, navy 200, arm pocket right

NAVY

Fig. Leader Fleece inner jacket, QA12, navy 200, arm pocket left

The Leader Fleece inner jacket forms the middle, insulated layer for service in the outdoor area or the outer layer for service on the watch.

The Fleece inner jacket has an extremely comfortable and warming fleece-material and offers a very pleasant wear comfort thanks to its blouson-cut.

LEADER
SOFTSHELL JACKET

- › Stand-up collar (with hanger)
- › Sleeve (detachable)
- › Chest pockets (inserted, left and right)
- › Front pockets (inserted, left and right)
- › Cuff (width adjustable)
- › Drawcord (elastic, jacket closure)
- › RFID (electronic identification system)

Fig. Leader Softshell jacket, OA53, black/blue 204

The Leader Softshell jacket is warming and – thanks to the softshell material – it is at the same time a breathable jacket. Thanks to removable sleeves, along with a soft stand-up collar, the softshell jacket can be used as an all-weather jacket.

FAMILY

OFFICER UNIFORM

THE REPRESENTATIVE UNIFORM FOR EVERY KIND OF WEATHER

The Officer Uniform is a representative uniform with a combinable parka as a rain protector. With the adaptable liner, inner trousers for the Officer Uniform trousers as well as the thermal liner inner jacket for the parka, the Officer Uniform Family offers a representative system of attire which can be adapted for every weather situation – even in the winter.

OFFICER UNIFORM JACKET

- › Stand-up collar (with hanger)
- › Rank tab (shoulder left and right, grade identification)
- › Chest pockets (external, left and right)
- › Front pockets (inserted, left and right)
- › Inside pockets (internal, left and right)
- › Mobile phone pocket (internal)
- › Inspection openings (internal)
- › RFID (electronic identification system)
- › Movement folds (increased movability)

Fig. Officer Uniform jacket, RA20, black blue 204

OFFICER UNIFORM TROUSERS

- › Front fly (with zipper)
- › Stopper strap (optimal fit)
- › Adjustable waist (individually adjustable)
- › Connection buttons (for trousers and inner trousers)
- › Pockets (both sides)
- › Cargo pockets (external, both sides, left hand side with internal mobile phone pocket, right hand side with pen pocket)
- › RFID (electronic identification system)
- › Belt loops (hold function)
- › Back pockets (internal, left and right)

Fig. Officer Uniform trousers, RA20, black blue 204

OFFICER UNIFORM LINER INNER TROUSERS

- › Connection buttons (for trousers and inner trousers)
- › RFID (electronic identification system)

Fig. Officer Liner inner trousers, QA17, black 460 and Officer Uniform trousers, RA20, black blue 204

The adaptable Liner inner trousers with a PTFE membrane expands the Officer Uniform Trousers into weather-protection gear. This makes the Officer Uniform suitable for formal services indoors and outdoors and is also variable enough to be usable in every kind of weather.

OFFICER UNIFORM
PARKA

- › Stand-up collar (with hanger)
- › Rank tab (shoulder left and right, grade identification)
- › Chest pockets (external, left and right)
- › Napoleon pocket (integrated)
- › Front pockets (inserted, left and right)
- › Cuff (width adjustable)
- › Connection zipper (for jacket and thermal lining)
- › Inside pockets (internal, left and right)
- › Mobile phone pocket (internal)
- › Inspection openings (internal)
- › Wicking Barrier (moisture protection)
- › RFID (electronic identification system)

The Officer Uniform parka is the ideal outer layer for formal assignments outdoors and provides protection against the wind and the weather. The optionally-available thermal lining inner jacket also serves as an insulating layer in the winter.

Fig. Officer Uniform parka, OA01, black blue 204

OFFICER UNIFORM
THERMAL LINING INNER JACKET

- › Connection zipper (for jacket and thermal lining)
- › Inside pockets (internal, left and right)
- › Mobile phone pocket (internal)
- › RFID (electronic identification system)

The adaptable thermal lining expands the Officer Uniform parka into a representative uniform garment also usable on cold days. The thermal lining is zipped into the parka with a zipper. This makes the Officer Uniform also suitable for formal duties outdoors and variable enough to be used in every kind of weather.

Fig. Officer Uniform thermal lining inner jacket, OA15, black 460

THE SPECIALIST FOR NORTH RHINE-WESTPHALIA (NRW)

The Executive family is the service and uniform clothing for fire brigades and rescue organisations with the specialised requirements from the German State of North Rhine-Westphalia (NRW).

The Executive blouson is available in different configurations in fireproof, with extra sleeve pockets or with stick. The Executive trousers are available both as uniform and work trousers along with the fireproof variant, which covers all of the customer's individual needs. The Uniform sports jacket completes the product family, making it a complete package.

EXECUTIVE FR
BLOUSON NRW

THE SPECIALIST FOR BADEN-WÜRTTEMBERG (BDW)

The Commander family is specially designed for use in Baden-Württemberg (BDW).

The Commander encompasses a complete packet consisting of a service jacket, blouson, trousers, softshell jacket as well as a weatherproof parka with thermal lining. It equips the first responder year-round for service on the watch or for representative activities. The Lion of the Staufen family with a reference to the State coat of arms, rounds out the family visually.

FAMILY

POLO PREMIUM

PERFORMANCE FOR DAILY USE

The Polo Premium distinguishes itself through special wash-resistant qualities as well as a stretchable, odour-inhibiting material. This makes it ideal for daily use, if periods of physical activity alternate with rest periods.

The garment is available as a long-sleeved or short-sleeved variant, depending on the preferences of the user. Additionally, the product is also usable as functional clothing underneath fire-fighting clothing.

POLO PREMIUM
SHORT SLEEVE

- » Collar (with front fly)
- » RFID (electronic identification system)

Fig. Polo Premium short sleeve, dark blue 203

POLO PREMIUM
LONG SLEEVE

ACCESSORIES

ACCESSORIES FOR STATIONWEAR

The TEXTPORT® accessories supplements the station wear product families as needed with the something extra. These are usable for all the families.**

* The icons refer to the whole product family. Product characteristics differ within the family.

** In a modified look separate epaulettes are available for the X-Pulsate family.

FABRIC BELT ANTI-STATIC FR

- » Belt buckle (infinitely adjustable)
- » Belt strap (elastic)

BEST FIT
IN EVERY POSITION

The fabric belt anti-static FR consists of a fire-resistant material, is anti-static and continuously adjustable. It acts as an accessory for all trousers (specifically also the fireproof duty trousers) and offers the same fit in every position.

EPAULETTES NEUTRAL

Velcro
for fixation

GRADE IDENTIFICATION
FOR THE OFFICIAL OCCASIONS

The epaulettes make it possible to display a grade identification for official occasions. They are tucked into the shoulder tunnel* on the jacket and fixed in place using Velcro.

* only included on selected jackets

NOTES

The logo for GORE-TEX PRODUCTS is centered in the upper half of the page. It features the brand name "GORE-TEX" in a large, bold, sans-serif font, with "PRODUCTS" in a smaller font directly below it. Below the text is the GORE logo, which consists of the word "GORE" in a stylized font inside a rectangular box with a red swoosh element. The entire logo is set against a dark background.
