QUALITY DOWN TO THE LAST DETAIL

The TEXPORT LEADER FR MOTION is a service garment for guard duty and also for the technical services. The modern, contemporary cut of the jacket and trousers makes them extremely comfortable to wear in combination with the usual quality of a premium product. The single-layer garment has an aramid viscose outer fabric and therefore complies with the EN ISO 11612 standard for protection against heat and flames. The interchangeable flaps on the jacket and trousers also allow them to be adapted to individual-optical requirements.

CUSTOMISABLE FOR EVERY REQUIREMENT

The interchangeable flaps of the TEXPORT LEADER FR MOTION allow the garment to be adapted to individual-specific requirements. By means of a zip, the flaps on the jacket and trousers (blue as standard) can be replaced by the „fire brigade“ flap, a red stripe or an individual print (optionally available).
